## Reds Launch Powerful New Drive Into Baltics

### ONE ARMY NOW 45 MILES FROM CITY OF WILNO

#### Terrific Artillery Barrage Prepares Way for New Soviet Offensive.

MOSCOW, July 6—The Red army launched a great new offensive in the direction of the Brest-Litovsk, while the forces of Gen. Ivan Chernikov, Third White Russian Army, were reported within 45 miles of Wilno, gateway to the Baltic republics.

The beginning of the White Russian campaign, the new drive, was marked with terrific artillery barrages operating with great support. It was too early, however, to tell whether it was a prelude to a new offensive.

Chernikov's advance on Wilno from the southeast carried his army through the Bialystok region, where his units were only 140 miles from the borders of East Prussia, according to dispatches said.

Soviet troops mopping up the Bialystok region proceeded with the capture of the battered remnants of the German 12th and 27th divisions and the 39th tank corps.

Mainstay of Nazi Line

At Minsk, latest major point in the sweeping Russian advance, was one of the mainstays of the Germans' 90-mile Vilno-Bialystok line, and a junction of the Minsk-Vilno and Polesko-Bialystok railroads.

The way now appeared open for a rapid advance by Chernikov's Third White Russian Army, Gen. Ivan Bagramian's First Baltic Army into Lithuania and Latvia.

There was no confirmation in Moscow of a German report that the vital communications center of Minsk, 215 miles southwest of Moscow, had been evacuated by Nazi troops.

The Moscow radio, in a broadcast recorded by the Soviet monitor in London, said the Germans were counterattacking in the Bialystok area, 81 miles southwest of Minsk, using infantry, tanks and aircraft. "Particularly fierce fighting is going on," the broadcast said.

Reuters quoted the Moscow radio as saying other German counterattacks were reported west of Minsk, but declaring "the Red army however, is sweeping the Germans away in its drive to the west."

### Dive Bombers Hunt Germans

Great waves of Stormoviks (dive bombers) hunted out the German salients in the Polesko region, blasting them from low altitudes and driving the Nazis along the roads leading back toward the Gura river and Pinsk.

Many observers in Moscow saw this new activity through the difficult marshes a challenge. Hitler's whole central position, it was pointed out, was based on the Russian offensive, believed to carry straight to Brest-Litovsk and Warsaw.

The Russians' mighty push toward the Berlin-Warsaw-Wilno axis, it was pointed out, was the main pressure of the main pressure of the German army but also from Chernikov's cavalry and

## Many Women Workers in Area Affected by New Control Plan

270 Now Being Placed by Employment Bureau To Release Men for Essential War Jobs.

Some 270 women workers in the Marion area, who are affected by the new ruling effective July 1 governing the channeling of work through the local employment bureau are now being placed in jobs designed to replace essential male war workers.

The new ruling governing the workers makes it mandatory for the hiring to be done through the employment office to assure the necessary workers for factories who are doing important war work.

All employers are encouraged to channel their employees through the service and women especially are asked to accept non-essential jobs so men serving in those jobs may be transferred to war work.

The new law is applicable to women when female workers are skilled in a critical occupation. These jobs are set up on a na-

tional basis and after critical jobs are filled, industries which have been declared essential to the local area are served first.

The Marion laundry and dry cleaning services were cited as an example of these locally essential industries. Mr. Scherff explained that only one laundry was available for the territory and the dry cleaning establishments have been snowed under with work, thus making the need of an increased staff necessary.

**Purpose Explained**  
He explained that the purpose of this new channeling of workers is to improve the allocation of labor to maintain important production which can be done only by the referral of workers to jobs in accordance with relative importance of jobs in the war effort. One example where the new ruling does not apply was given as follows—a school teacher, male or female, may be hired for the vacation period without a release being necessary.

During a recent lay-off from one of the Marion war industries, Mr. Scherff stated that an attempt was being made to expose all of the unemployed women to job opportunities as soon as possible. Many of the women who were released expressed the desire to

utilize the period of unemployment to catch up on delayed spring housecleaning and to do a bit of painting. Almost all of these women, Mr. Scherff said, feel a definite responsibility and express the wish to continue working during the national emergency.

**Doing Good Work**  
A recent checkup revealed that Marion women who are already employed in industrial work are doing an excellent job considering the fact that most of the jobs are in industrial factories designed for the production of heavy equipment.

Although the Ohio state law demands that a woman shall not lift more than 35 pounds, the jobs which they can work are varied. Women in the Marion area are now working at the following jobs: tool rooms, crib tenders, shop clerical storekeepers, mailing machines, oil groovers, metal saws, drill and punch presses, engine and boring lathes, blue print, expeditors, automatic screw machines, thread cutters, layout and shipping and receiving clerks.

Mr. Scherff said that at a recent Columbus meeting he asked for more than 200 additional workers in the local factories, 140 of whom are urgently needed at the Depot. Office workers are greatly in demand and it is the hope of the local employment bureau to have job openings for all who are finishing up after the recent closing of one of the Marion plants.

The responsibility felt by the women in the area helps greatly, Mr. Scherff said, to relieve the serious work shortage. Many of the female applicants have sons, husbands or other relatives in service and they express the desire to be of assistance in the emergency. Many more are needed to meet the increasing war production, and Mr. Scherff reminded, all who apply will be helping to bring the service forces home.

## 3 Marion Fliers Commissioned

LT. JOHN SMITH LT. ROBERT KIDD LT. JOHN STOCK

Three more Marion men were graduated from western airfields June 27 with commissions of second lieutenant and each is wearing the silver wings of a pilot.

Lt. Robert E. Kidd, son of Mr. and Mrs. Jack Kidd of 435 Lee street graduated from Ellington Field, Tex., as a bomber pilot. Lt. John S. Stock, son of Mr. and Mrs. H. F. Stock of 1185 East Center street and Lt. John W. Smith, son of Mr. and Mrs. Morton Smith of 267 Clover avenue, graduated

Trained in Illinois

He received training at an Illinois field before being transferred to St. Louis, Mo. He was sent to Alton, Mo., for special radio training and later was assigned to Bonham, then Greenville and finally to Ellington, Tex. At the completion of his leave he will return to Houston, Tex. His wife and son expect to remain in Marion for a short time. She is the daughter of Mrs. Eugenia Bartlett of Scranton avenue.

Lt. Stock was attending Harding High school when he enlisted at Patterson Field in February of 1942. He graduated the following June. He received training at Keesler Field, Miss., and then was sent to Minneapolis, Minn., for special training. He resumed light training at Santa Ana, Calif., and later was assigned to Oxnard, Calif., Marana Field, and Williams Field, Ariz. Lt. Stock has been assigned to photo reconnaissance work and will remain at the Williams Field for a five week training period.

Home on Leave

Lt. Smith graduated from Harding High school in 1941 and was employed at Curtiss-Wright in Columbus at the time of his enlistment in October of 1942. He first attended college training at Jamestown, N. C., and was then transferred to Santa Ana, Calif., before going to Oxnard, Calif. His final training was at Marana Field and Williams Field, Tex.

Lt. Smith arrived home Friday for a 12-day leave. He has orders to report to Randolph Field, Antonio, Tex., for transitional training on July 12.

Lt. Smith and Lt. Stock met at Santa Ana, Calif., and became friends. They had known each other only slightly in Marion and since meeting there have spent considerable time together. For a time they were assigned to the same squadron but just before entering their final training period, they were placed in different units.

**NOW SHE SHOPS "CASH AND CARRY"**  
Without Painful Backache  
After suffering from backache for many months, the real cause of her trouble may be tired kidneys. The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. They help most people pass about 3 pints of urine daily.

When disorder of kidney function permits poisonous matter to remain in your blood, it may cause rheumatism, headache, leg pains, loss of pep and energy, grating up nights, swelling, puffiness under the eyes, headache and dizziness. Treatment of such passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills. Used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

### M-1 Generator

M-1 GENERATOR

Associated Press Features  
Entire cities can be "blotted out" by smoke screens produced by grouped M-1 mechanical smoke generators. They look like "Gay Nineties" fire engines, but are considered vital weapons of offense-defense warfare.

Operated by two men, producing an oil stream of secret composition, one generator can cover a square mile with dense white smoke within 10 minutes—shielding, for example, a target from air attack or troop movements. Chemical Warfare service troops deploy the generators according to wind direction and speed.

### Thousands of Workers Needed by Canneries

By The Associated Press  
WASHINGTON, July 6—Seven hundred thousand full-time workers, or 1,400,000 part-time workers, must be found to work in canneries packing the plentiful 1944 crop of fruits and vegetables, Chairman Paul V. McNutt of the war manpower commission said today.

He predicted that a large part of the crop will go to waste unless the needed manpower can be recruited.

Estimated manpower needs of Ohio in the food processing industry were listed as 17,000.

# ABOUT ANYTHING

In and Around Marion

## "Sign" of the Times We Owe Them Homage

Seen in a Marion Super market — "Absolutely no hauling of children in basket cars." We wonder if the increasing number of maddening families has anything to do with the posting of such signs? Time was when housewives left their children safely at home with a maid or nurse, but now the kiddies go along when mother sells out to do the marketing. Of course the baskets are always an inadequate "thank you" temptation both to the children and to mothers, but for safety's sake, it is best to heed the signs, things like that, we are also saying.

## Never Too Cold

The lure of an ice cream cone surmounts even the mark of 82 degree weather. Youngsters were seen about town during the recent "cold wave" blissfully licking the cold, sweet substance even though they were bundled in coats or sweaters.

## More on Marching

Speaking of keeping in step reminds us of the time several Marion women attended a convention in Columbus. Following the evening session, they made their way down High street, to the bus station. As the hour was late and the streets nearly deserted the girls were walking along six abreast. Two soldiers approaching them suddenly stopped in their tracks and one shouted "Hey, you're not in step." Yes, he was a sergeant. The young women immediately fell into step and went on their way on to the bus station while the sergeant and his companion continued on their course.

## The Hunt for Jenny

The bureau of missing persons was nearly called upon to locate Jenny, a member of the family of a local attorney, the other day. Jenny makes her home in Morral but had been visiting the family

over the holiday week-end. About midnight on the fourth of July, Jenny turned up missing and a search was begun. The next morning, the police department received a call that Jenny was with a family on Chelsea avenue. The attorney went over and led her home. You see, Jenny is a dorker, the pride and joy of the two children in the family. Incidentally, the local member of the bar was rather late getting to the office the morning Jenny was lost.

## Art of Letter Mailing

Letters are still being mailed as morale boosters to the boys in service, but how one Marion man ever remembers to mail a letter, is beyond us. He walked down the street the other day, came to an abrupt stop at a mail box, defied his hat, removed a letter and popped it into the letter slot. Usually men have to keep the missive in their hand or a convenient pocket where they can feel it from time to time as a reminder.

## Lost in a Good Cause

One Marion woman contributed nobly, but unintentionally to some robin's nest last week. While the woman was dressing for an afternoon meeting, she decided her white shoestrings needed a washing, thus completing her cleaning-up process. So, she washed them and hung them to dry on the clothes line outside. A few minutes later when she went to take them in, she was just in time to see two robins flying gaily away with the shoestrings.

## Miss Huber, Former Crestline Resident, Dies

Special to The Star. GALLON, July 5.—Miss Irene Huber, 64, former Crestline resident, died Wednesday night at a United Brethren home at Lebanon, O. ## Col. Elliott Roosevelt, WAC Captain Engaged

By The Associated Press. LONDON, July 5.—Col. Elliot Roosevelt, and Capt. Ruth Briggs of the Women's Army Corps were busy at their military duties today at widely-separated bases in Britain and no comment was immediately forthcoming concerning their engagements as reported in dispatches from the United States.

Although the President's son cheerfully accepted personal congratulations, he declared "I have nothing to say."

Capt. Briggs, who is an assistant to a general, was reported too busy with invasion work to discuss the romance.

## Overseas Marines Can Now Be Told of Births

By The United Press. WASHINGTON — The Marine Corps has raised restrictions governing the transmission of important personal messages to Marines overseas.

Radio messages heretofore have been restricted to deaths in the immediate family, but now may service can be obtained through cover birth and some urgent Red Cross chapters or through Marine Corps headquarters here.

Messages not concerning the welfare of the immediate family (and to matters of a "definite" will be sent by "mail") This emergency nature," it was said.

**HELPS NAZI NURSES.** Capt. Quentin Roosevelt, son of Ex. Pres. Theodore Roosevelt, was a principal in one of the most dramatic incidents of war since the invasion of France when he helped escort eight German nurses, captured in the battle of Cherbourg, back to their own fighting lines. Since no American nurses have been taken prisoner by the Germans, no exchange of prisoners was made, but York officers could see no reason for holding the eight enemy nurses, so front-line fire was held up for 30 minutes while the women were returned.

## 467-LB. BASS CAUGHT BY FORMER MARIONITE

News Photo Shows Bonnie Sells With Huge Fish.

A former Marion man, Bonnie Sells of Venice, Calif., was recently acclaimed by coastal fishermen for landing a 467-pound black sea bass in a record time of 47 minutes. In a newspaper clipping sent to an uncle, Pearl Sells of 143 South Vine street, the young man was shown standing beside the fish, which was strung from a hoist at the dock.

The catch was made from a barge just off Redondo Beach, Calif., in almost the same location where a few years ago Sells was taken almost three miles from the coast before he landed a 964-pound fish after a seven-hour battle.

The young fisherman is the son

of Ben Sells, formerly of Marion, who worked for a number of years as millwright for the Oxford Co.

According to the news clipping the liver of the bass, which is noted for the large amount of Vitamin A, weighed 14 pounds and was sold for \$87.50. The remainder of the one-day catch was sold for 12 1/2 cents per pound.

## ATTENDANCE AT PLAYGROUNDS UP

Interest Increases With Summer Activities in Full Swing.

Attendance at the seven city playgrounds is increasing each week as summer gets into full swing. The total attendance for last week was 3,897 with the top turnout of 1,023 at McKinley park.

Interest in tennis is increasing at the playgrounds. Miss Pauline

Stannard is the instructor, teaching the fundamentals of the game. Picnics predominated at McKinley park. A special picnic with games, contests, prizes and eats has been planned for Thursday.

Adult participation is increasing at Oakland and Glenwood playgrounds. The most popular adult activities are softball and volleyball.

A picnic was held at Glenwood last Thursday. Contest winners were: Freddy Garver, Jane Keener, Juanita Snyder, Clarence Corner, Norma Jean Mullins, Shirley Haberman, Nelson Luke, Jannet Keener, Jack Bishop, Clifford Adams, Norma Jane Luke, Allen Haberman, Ann Jean Pence and Jo Ann Zellena.

The children at Mark street playground are becoming interested in dramatics. Plans are being made for coaching and presentation of short skits. The Mark street softball team won over Forest Lawn by forfeit.

Plans are in progress for a story hour and game period at Forest Lawn.

The attendance at each playground for the week was as follows: Lincoln park 700, McKinley park 1,023, Oakland school 364, Glenwood school 870, Mark street school 298, Forest Lawn 362 and Silver street 278.

### Garden Tips

#### String Bean Suggestions

By The Associated Press  
Anybody can grow good string beans. A warm weather crop, they should be planted when all traces of cold have disappeared. This has been a slow season, but now that the warm weather is here to stay beans can still be planted this year.

The old method of sowing seed in hills—has been found a waste of space, especially for dwarf varieties, and planting in rows about an inch apart is recommended. When shoots are big enough to permit transplanting, shift them to about six inches distance.

Plant several rows at intervals of 10 days, continuing through July, and you will have a good succession.

For the small plot, dwarf varieties are suggested. If you've plenty of space, you'll find the pole types advantageous because of their prolific yield.

Sandy loam is best, enriched with well rotted manure. Dig the fertilizer in deeply, and pulverize the soil.

Beans produce in from six to eight weeks from seed.

#### Bucyrus Woman Hurt in Holiday Accident

Special to The Star  
BUCYRUS, July 6.—Mrs. Carl Lust, Marion road, is recovering from a fractured ankle suffered when she was hit by a car driven by A. H. Gibson, at Aumiller park Tuesday. Another near accident marred the day when a swimmer was pulled from the pool after going down for the third time. He was removed from the pool by Lifeguard Barbara Haigh. His name was not learned.

Mrs. Lust was seated in front of the Gibson car on the grass watching fire works when the accident occurred. Her sister, Mrs. Gerald Pennington of Bloomville, seated beside her on the ground was bruised by the fender of the car. Mrs. Lust was treated at City hospital and then removed to her home.

Wyoming was the only state that had an open season on moose and mountain sheep in 1943.

### Marion Jr. High Teacher Is Bride of Navy Ensign

MRS. ROBERT S. JUDSON

**EPWORTH METHODIST** church was the scene of the marriage of Miss Elizabeth Messenger, daughter of Mr. and Mrs. W. E. Messenger of 233 Forest street, and Ensign Robert Soudier Judson, U. S. N. R., son of Mr. and Mrs. Harry R. Judson of Ada, yesterday afternoon at 3 o'clock. Open church was observed for the ceremony, which was performed by Dr. S. M. Ingram before an altar lined with palms. Two tall baskets of gladioli were placed at either side of the altar, which was lighted by two seven-branch candelabra.

The bride wore a gown of white silk chiffon over tulle. The full skirt was gathered into a bodice and the long sleeves ended in points over the hands. A fingertip veil and an arm bouquet of white roses completed her costume. Her only jewelry was a strand of pearls, a gift of the bridegroom.

Mrs. Benjamin Cooper of Piqua, sorority sister of the bride, was her matron-of-honor. She wore a dress of yellow silk, marquisette over tulle and carried a bouquet of blue asters. The candles were lighted by Miss Sally Dunham of Cardington. She was dressed in blue chiffon and wore a corsage of yellow roses.

Serving as best man was Capt. Paul B. Messenger, brother of the bride, of Enid, Okla. The ushers were Tom S. Webb of Ada and Daniel Salter.

For her daughter's wedding, Mrs. Messenger chose a navy blue sheer dress with white accessories. Her corsage was of red roses. Mrs. Judson wore a salmon pink dress with brown accessories and a corsage of white roses.

Preceding the ceremony a program of organ and vocal music was presented by Mrs. Griselda

Davis Domhaugh and Mrs. Earl Hale.

The former Miss Messenger is a graduate of Harding High school and received her Bachelor of Arts degree at Ohio Northern university in 1942. She was a member of Theta Phi Delta society and Alpha Phi Gamma, national honorary journalism fraternity. For the past year she has been an instructor in mathematics at Thomas A. Edison Junior High school. She is a member of the El Dorado Literary club and the Marion Association of University Women. Ensign Judson graduated from St. John's Military academy in Wisconsin and attended Ohio Northern, where he was a member of Delta Sigma Phi fraternity and the American Society of Mechanical Engineers. He entered the Naval Air Corps in November, 1942 and received his commission in June, 1943. For the past nine months he has been stationed in South America.

When the couple left for a short wedding trip, the bride was wearing a two-piece costume of black and white. She wore white accessories and a white orchid. Following the wedding trip, Mrs. Judson will accompany her husband to Texas where he is now stationed.

### Personal Mention

Mr. and Mrs. C. A. Biggerstaff of Mt. Gilead have as guests their daughter, Mrs. Howard Long and children, Mary Ann, Evelyn and Judy, of Osborn, O. Week-end, guests were another daughter, Mrs. R. E. Almending and children, Dorothy and Nancy, of Prospect.

Francis Sanderson of Baltimore, Md., is in Marion for two weeks visiting relatives and friends.

Mr. and Mrs. Charles E. Foss and son Donnie of Mt. Vernon spent a few days last week with Mr. and Mrs. E. L. Foss and family and Mr. and Mrs. H. A. Foss of northwest of Prospect.

### Marengo, Prospect Couple Married

Announcement is being made of the marriage of Miss Roseella Powell, daughter of Mrs. Mary F. Osburn of Marengo, to Charles E. Anderson, son of Mr. and Mrs. Ira Anderson of Prospect. They were united in marriage on June 27 at 7:30 p. m. in the Christian church parsonage at Greenup, Ky., with Rev. B. E. Hunt performing the single ring ceremony. For her wedding the bride chose a white jersey dress with white accessories. Her only jewelry was a gold necklace, a gift of the bridegroom.

They were attended by Mr. and Mrs. Orin Birchfield of Delaware. The bride was a member of the 1914 class of Prospect High school and before her marriage she was an employee of the American Education Press, Inc., in Columbus. The bridegroom, a member of the class of 1937 of Radnor High school, is an employee of the Marion Steam Shovel Co.

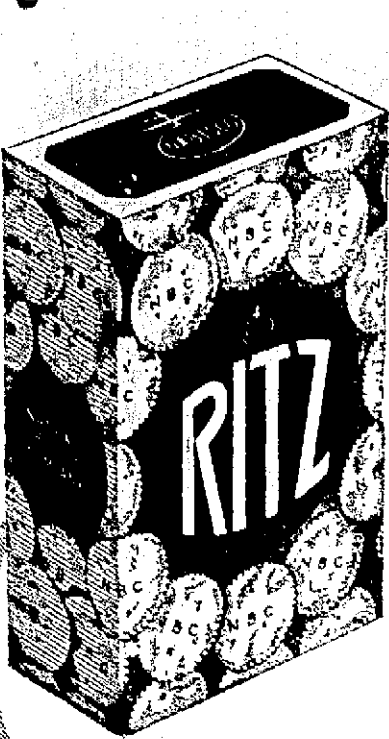

The couple will reside south-west of Green Camp.

### TWELVE ARRAIGNED IN BUCYRUS COURT

**Special in The Star**  
BUCYRUS, July 4 — Twelve prisoners indicted by the Crawford county grand jury last week were brought before Common Pleas Judge C. U. Abel for arraignment Wednesday. Three entered pleas of not guilty and their cases assigned for hearing.

H. F. Davidson, 23, of Crestline, was sentenced to the Ohio reformatory when he pleaded guilty to a charge of robbery. Davidson was arrested following an attack on Charles E. Troy of Crestline and the theft of money from the Troy pharmacy, June 16.

John Zornes, Bucyrus, indicted in two bills one charging assault with intent to rob and the other, two counts of larceny, one grand and one petty larceny, was given concurrent sentences in the Ohio reformatory, after pleading guilty. Keith Johnson, Galion, indicted with Zornes on the assault charge, is on probation from juvenile court and no further disposition was made of his case. Donald Monroe, indicted with Zornes on the two larceny counts was given a continuance pending further investigations.

Elwood Long, indicted in three separate bills was given a 30 day jail sentence and an indeterminate sentence in the Ohio reformatory. He was indicted jointly with Frank Wilson for removing a license plate. Wilson pleaded not guilty and was released under \$100 bond and hearing set for July 10. Long was also named with Edwin Cooper and Eugene Zirkle in an indictment charging gasoline theft. Cooper pleaded not guilty and will be returned to Alabama where he is a parole violator, the court ordered. Upon completion of his sentence he will be returned here to answer to the indictment. Zirkle was placed on probation for a year with instructions to report to the court once each month.

Howard B. Trotter and Fayne Dismore, indicted for carrying concealed weapons were fined \$25 and costs when they entered guilty pleas.

Indicted on a statutory charge, Lyman Long, Galion, pleaded not guilty and was placed under \$2,000 bond and hearing set for July 12.

In court for the fourth time for forgery, James Sheldon, 71, a drifter, was sentenced to the penitentiary on an indictment charging six forgery counts. He pleaded guilty.

# Churchill Paints Grim Picture of Nazi Robot Bombs

By DEWITT MACKENZIE, Associated Press Staff Writer  
The British prime minister, Winston Churchill, today painted a grim picture of the Nazi robot bombs which he said would be used in the final stages of the war.

He said the robot bombs, which he said would be used in the final stages of the war, would be used in the final stages of the war.

## DEWEY FORCES MOVE FOR WILLKIE BACKING

By The Associated Press  
ALBANY, N. Y., July 6.—An oblique effort to force Wendell L. Willkie into camp moved forward today as supporters of Gov. Thomas E. Dewey bid publicly for campaign cooperation from congressional and senatorial candidates.

Although the GOP presidential nominee carefully avoided any appearance of soliciting Willkie's backing, he gave the statutory left-handed approval by including Sen. Charles McNary, long-time Willkie enthusiast, in a list of Massachusetts Republicans invited to confer with him here Monday on campaign plans.

Weeks, reached by telephone at his farm retreat in New Hampshire, told this reporter he "hoped" Willkie would support the ticket actively but had no knowledge of the 1940 nominee's political plans.

Headed by House Minority Leader Joseph Martin, the list of Massachusetts visitors includes congressmen seeking reelection and candidates such as Gov. Leverett Saltonstall.

Dewey insisted there was no significance in the weeks invitation, but in New York Herbert Brownell Jr., national chairman, branded this move by naming both Weeks and Ralph C. Calkins as a 15-member executive committee, Calkins was Willkie's campaign manager before the latter quit the presidential race after the April Wisconsin primary.

Other executive committee members include Clarence J. Brown of Ohio.

## IMPORTS OF WHEAT BY U. S. CONTINUE

By The Associated Press  
WASHINGTON, July 6.—The United States may continue to import wheat during the next 12 months, even though it now is the largest crop on record. Imported supplies would be used to meet unexpected wartime emergencies and to add to year-to-year reserves.

The domestic wheat situation has all but returned itself within a short period of a few months. Late in the winter stocks had dwindled to the lowest level in many years and prospects for this year's harvest were not good. Some grain experts predicted shortages necessitating rationing of flour and bread.

Now all fears of a shortage have melted away. Spring rains brought an undreamed of improvement in prospects. It now appears this year's harvest may top the record 1917 crop to give the country sufficient quantity of the grain to meet present foreseeable food, livestock feed, industrial and export demands.

The agriculture department said in a report today, however, that imports are expected to continue, although on a reduced scale.

The United States, normally a major wheat exporting nation, imported 150,000,000 bushels from Canada during the past year to help meet a livestock feed shortage.

# DROUTH HITS CROPS IN OHIO

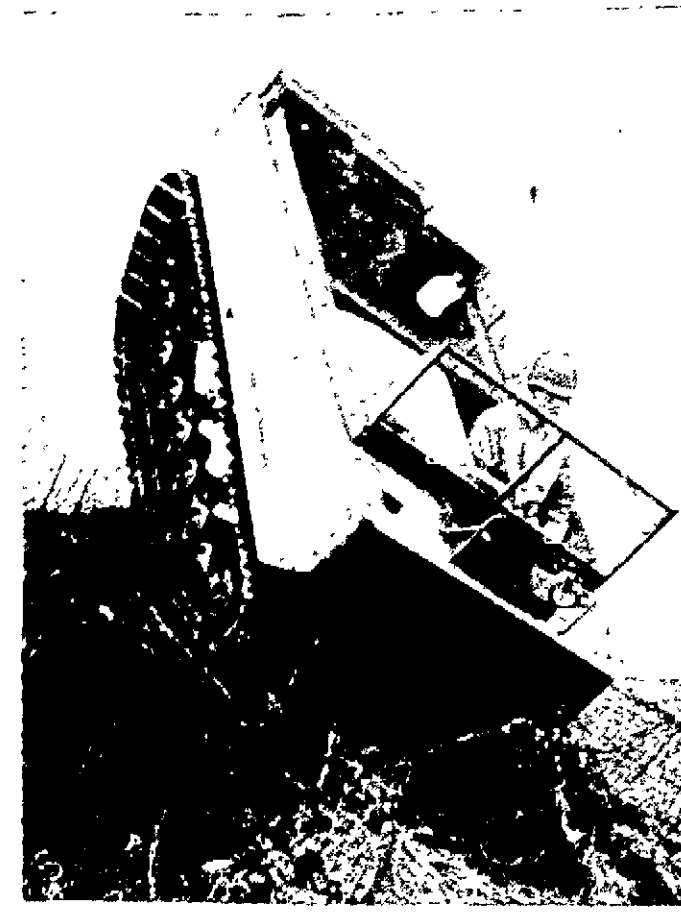

Truck Farms and Victory Gardens Also Face Heavy Loss.

By The Associated Press  
COLUMBUS, O., July 6.—Drought threatens to destroy thousands of victory gardens and hundreds of acres of truck farm crops in Ohio.

With temperatures ranging seven degrees above normal throughout May and four degrees above normal in June, many sections of the state have had far less rainfall than normal. No rain was in sight for today.

Farm specialists at Ohio State university yesterday said the outlook for normal vegetable crops was discouraging.

H. C. Hammer, director of agricultural extension at the university, asserted growth conditions were "retarded" in southwestern Ohio. The potato crop around Cincinnati was reported a total loss.

ARMY 'WEASEL' MAKES DEBUT. This latest vehicle of war, which has been in secret production at the Studebaker automobile factory in South Bend, Ind., for almost two years, has just been revealed by the war department.

# 'GHOST GUN' SALES EFFORT REVEALED

By The Associated Press  
WASHINGTON, July 6.—A secret sales effort to raise money for the war effort by selling "ghost guns" has been revealed by the war department.

The "ghost gun" is a device which is said to be able to fire a bullet through a wall or a door without the need of a gun. It is said to be a "ghost" because it is invisible and silent.

The war department has been selling these "ghost guns" for some time, but the effort has been kept secret until now.

## DEMOCRATS TO HEAR CHAIRMAN HANNAGAN

By The Associated Press  
COLUMBUS, O., July 6.—Ohio Democrats tonight will hold a pre-convention rally and hear their new national chairman, Robert E. Hannagan.

Chief Justice Carl V. Weyandt of the Ohio supreme court will be toastmaster at the belated Jackson day dinner, customarily held each year in January near the anniversary of Gen. Andrew Jackson's victory over the British at New Orleans.

Hannagan is to deliver the principal address. There also will be short addresses by Mrs. Lena G. Siferd, president of the Federated Democratic Women of Ohio, and George J. Managan Jr., president of the Young Democratic Clubs of Ohio.

## AIR RAIDS

(Continued from Page 1)

Many are in the gap south of the battle fields between the Seine and Loire rivers, over which most bridges have been destroyed. The assaults were high-pressure coordinated attacks from Italy and other American bombers and fighters, for radio Berlin asserted fighters were approaching southern Germany and Austria. British blows at Dijon were aimed at checking enemy reinforcements and supplies moving to the Normandy battlefields.

Fighters and fighter-bombers flying with the Flying Fortresses and Liberators in the widespread daylight assaults dive-bombed and strafed unspecified targets.

RAF Force Diverted  
Better weather placed the aerial offensive on a round-the-clock basis again, even though Winston Churchill said "a considerable proportion of our flying power has been diverted" against the robot bomb launching platforms in the Pns-De-Calais department of France.

Squadrons of Mosquitoes bombed a synthetic oil plant in the Ruhr near Gelsenkirchen, leaving it wreathed in smoke two miles high. Other industrial targets were hit in western Germany and four Nazi ships, creeping down the coast toward the Frisian islands, felt the crash of RAF Wellington bombs.

RAF Lancasters without loss hurled a "great weight" of bombs at the ancient city of Dijon, 100 miles west of the Swiss border. The Germans have been forced to shift much transport to this roundabout route, due to disruption of other lines.

RAF Mosquitos gave Americans support last night, similar to the aid supplied by American fighter bombers yesterday to the British on the Caen front.

As American artillery flashed below, the twin-engine planes bombed and cannoned German forest camps, railroad and highway transport lines and bridges at Villeneuve, Hyenville, Pontfarcy and other points at the base of the Cherbourg peninsula.

RAF Loses 6 Planes  
Apart from the Normandy support operations, only six planes were lost from the hundreds involved in the RAF night operations.

Close support on the Caen front was clamped late last night by an attack by rocket-firing Typhoons on tanks on the Carpiquet airfield edge.

German air opposition continued intensive but on a small scale. Yesterday's force was 35 German fighters shot down, compared with a loss of 17 allied planes.

Twenty-six of the Germans shot down were piloted by American airmen who went out to meet hostile fighters returning from Italy, and in escorting the Fortress-Liberator attack on Pae De Calais.

Col. Don Blakelee, of Fairport Harbor, Ohio, got one, raising his score to 15.

## MRS. MARY MATEER DIES AT HOME IN MT. GILEAD

Funeral of Attorney's Wife Set for Saturday.

Special to The Star  
MT. GILEAD, July 6.—Mrs. Mary L. Mateer, 76, wife of T. B. Mateer, Mt. Gilead attorney, died in her home at 3:30 a. m. today of a heart attack. Born Feb. 17, 1869, near Iberia, she was a daughter of Owen and Margaret Tuttle. Dec. 2, 1903 she was married to Mr. Mateer. A member of First Presbyterian church, she was teacher of the Women's Bible class many years, until recently when she was forced to resign because of failing health. She was for many years an active member of the W. C. T. U., a member of Mt. Gilead chapter of the D. A. R. and of the Twentieth Century club.

A resident of Morrow county all her life, she lived in Mt. Gilead 41 years.

Surviving besides the husband are a daughter, Mrs. Ruth Schuff, and four grandchildren of Mt. Gilead. A son, John Owen Mateer, died in 1912.

Funeral services will be conducted Saturday at 2:30 p. m. in the Craven funeral home here by Rev. Harry G. Finney of the Presbyterian church. Burial will be in Riverchill cemetery here.

## TOBACCO NEEDS RAIN

Brown said the Ohio burley tobacco crop needed rain badly, and that cabbage growers who supply commercial processors of kraut had reported a loss of plants in excess of 10 per cent, due to the dry weather.

Ohio victory gardeners have borne the brunt of the drouth, according to Victor H. Ries, director of the Ohio project.

Whereas most commercial growers are able to irrigate their land, home gardeners seldom are able to do this, he pointed out. Hence, the loss of early-summer crops such as beans, cabbage and some root crops is running high.

He suggested that gardeners, wherever possible, water heavily and then use a mulch to keep the moisture from evaporating.

"Do not just sprinkle lightly," he warned, "but water heavily once weekly. A sprinkle does more harm than good."

# Nazi Prisoners from Normandy Now Arriving at Camp Perry

Disprove Afrika Korps Men's Belief That Reports of Invasion Are Propaganda.

PRISONER OF WAR STOCK—ADE, CAMP PERRY, O., July 6.—German prisoners of war—most of them from Hitler's Afrika Korps, but including a newly arrived contingent from the Normandy beachhead—are being held at Camp Perry, O., as paid laborers to harvest northern Ohio's fruit and vegetable crops.

Still obviously disdainful of American ways and people, the one-time axis fighters are sent in work details into fields and orchards within a 50-mile radius, under war manpower commission assignment.

Farmers pay the government \$2.80 a day, prevailing rates, for the laborers, but the prisoners receive from the army 80 cents a day under international agreement. The allowance for those who do not work is a dime a day, and "most of them are anxious to earn their extra money as well as use up their time," says Col. Harold D. Woolley, Camp Perry commander.

Col. Woolley and Lieut. Col. E. C. McCormack, commander of the prison camp, recently conducted a tour of the compound for Ohio newspapermen.

The first prisoners to arrive here, more than 2,500 men captured in Africa, were brought in June 6, D-day for the allied invasion of France. Twenty days later several hundred Germans were added to the camp.

The officers were Traffic Inspector Don E. Miller, Patrolman Richard Heaston and Patrolman George Rogers.

Two men identified as the fugitives entered the home of Mrs. Minnie Cramer, 75, late Monday, asked for food, and then clutched her with an iron pipe. As this occurred, Mr. and Mrs. Adam Backus and their son Albert arrived from their home near Delphos to visit Mrs. Cramer.

Mr. and Mrs. Backus were seized, robbed of \$45, and the assailants drove away in the Backus auto with Albert. He escaped later after feigning illness.

Dr. Bushong said the men had been placed in solitary confinement.

McCormack, now in Massachusetts, is expected to get the subcommittee together in Chicago a few days before the convention opens for preliminary work on the platform.

## CONVICTED OFFICER HANGS SELF IN HOSPITAL

By The Associated Press  
SAN FRANCISCO, July 6.—Lieut. Beauford Swanwick, under sentence of death by an Army court martial, killed himself today in the Army's Letterman hospital.

Military sources said he hanged himself with a bed sheet.

Swanwick was convicted by a court martial at Camp Anza of slaying two young women, his commanding officer and a policeman.

He was wounded before his capture and after the court martial was hospitalized.

## 2 Die as Fire Sweeps Cincinnati Building

By The Associated Press  
CINCINNATI, July 6.—Fire that had taken an apparent toll of two lives burned itself out today in the ruins of an 81-year-old warehouse and produce market building which once was a railroad station in the Ohio river bottoms district.

At least 14 firemen of the 24 fire companies that responded to the fire alarms yesterday afternoon were overcome by smoke and 100-degree street temperatures in the long battle to keep the blaze confined to the building, covering all of a long, narrow block.

Ralph H. Kreidel, 42, an order foreman, was trapped on the third floor and burned to death, and firemen awaited a chance to search for the body of Charles Siefert, 19, an order clerk whose family reported him missing.

Fire Chief Barney J. Houston, estimated damage at \$235,000.

Although there was no used as an anesthetic until the 19th century, it was made in the 13th century by Raymond Lully.

## Rep. McCormack Likely To Head Party Group

By The Associated Press  
WASHINGTON, July 6.—House Majority Leader McCormack of Massachusetts was reported today to be the choice to head the resolutions subcommittee that will write the Democratic party platform.

His selection is expected to be announced late today by the Democratic national committee, along with the rest of the subcommittee membership. As head of the subcommittee, McCormack would be in line for chairman of the full resolutions committee at the convention opening July 19 at Chicago.

McCormack, now in Massachusetts, is expected to get the subcommittee together in Chicago a few days before the convention opens for preliminary work on the platform.

## Marion Overseas Pilot Is Given Promotion

Word has been received here that C. Richard Keller, pilot of a Liberator bomber in Italy, has been promoted to first lieutenant and flight leader there. The information came recently to his wife, Mrs. Norma Keller of 358 South Vine street. He is a son of Mr. and Mrs. C. J. Keller of 295 West Church street.

Overseas since May, he entered service in June, 1942, and was commissioned a second lieutenant in the Army Air force and received his wings at Stockton Field, Calif., in June last year. A graduate of Harding High school, he was employed in the traffic department of the Erie railroad here before entering service.

## APPEAL TO YOU IN THE 5TH WAR LOAN DRIVE

WITH KNEE-CAP BROKEN and cartilage torn out, Sgt. Nicholas Miller, of Paterson, N.J., rescued two comrades under fire at El Guitir, Africa. For this heroic exploit he wears the Silver Star. Hasn't he done enough? No, he's buying War Bonds right along! Are you?

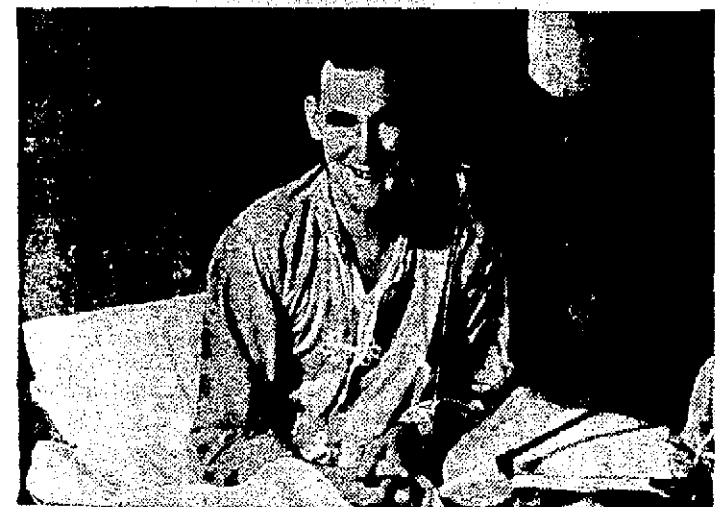

SHRAPNEL SHATTERED the knee of Pvt. Thomas Dellarossa, Trenton, N.J. He must go through life with a special leg brace. He urges you to buy more Bonds.

AN UNLUCKY SHRAPNEL FRAGMENT lodged in Pvt. Irwin Levinson's shoulder, left one hand paralyzed. You never heard shrapnel hurt. Buy another Bond for a boy who did!

HIT BY SHELL BURST in Sicily; leg smashed; captured by Germans; carried two days in a jolting tank; abandoned on road; picked up by Yanks. That's the tough going that Pvt. Donat Cartier, of Derry, N.H., had. And all you have to do is buy Bonds!

WITH HIS LEFT LEG TWO INCHES shorter than his right, Pvt. Bernard Heidemann, of Chicago, will go limping through life. He stopped a German bullet in Sicily, but that hasn't stopped him from buying War Bonds. Don't let anything stop you from buying more!

COULD YOU SMILE AFTER LOSING your right eye from a shrapnel bullet, and having a compound fracture of your left leg? Sgt. Carl Funk, of Cincinnati, can not only smile, but is going to carry on in a munitions factory. It's up to you now. Buy War Bonds!

*"We Gave EYES • LEGS • ARMS—Will you lend your money?"*

TONIGHT when you go home to your family, think of the men who will never go home... who gave their lives that you might live. And think of the men who gave their eyes, arms, legs in the fight for freedom.

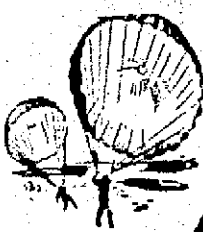

As you sit at home, knowing that in more than two years of war not a single enemy plane has threatened your life... think of the men who have made that security possible. And then, if you don't determine to do your full share in the 5th War Loan Drive, then maybe no appeal can reach your heart.

Four times America has asked you to do something extra to help smash Hitler and Tojo. And you have responded generously—magnificently. Now you are asked to do more than you've ever done before. Now,

as our fighting men storm the bloody battlefields of Europe and the South Pacific, we must back them up as never before. This is the showdown!

Show that you care—that these thousands of brave "Purple Hearts" have not made their sacrifice in vain.

Right now—today—invest in EXTRA War Bonds—the biggest amount you can—\$100, \$200, \$500. Some must invest thousands of dollars to put this crucial drive over the top. All must invest to the limit of their ability. It's for Invasion! It's for Victory! It's for the security of your own future.

**Save FOR YOUR FUTURE WITH War Bonds**

DURING this drive you may be visited by a volunteer War Bond worker. Open your door and your heart to him. Let him explain the various U. S. Government Bonds available. They are the safest investments in the world. Buy them and keep them... and you can face the future with confidence.

## Peaceful Homing Birds

### Also Shine in War Jobs

SCHENECTADY, N. Y.—(INS)—Uses of the homing pigeon in this war and its value to the service have become more marked. F. W. D'Olier of Morrisstown, N. J., who for 16 years has studied the homing pigeon, declared in a General Electric Science Forum address.

"Homing pigeons are flown from airplanes, troop carriers and bombers," he said. "We know that parachute troops carry them for emergencies, and in many

departments of the Navy Marine corps and the Merchant Marine these birds have been used to make the final effort of communication."

D'Olier explained the pigeon's "affection for a home place" trains their senses to greater acuteness and their faculties to perform miracles of observation, memory and will power."

# Some Vegetable Varieties

VEGETABLE MUSHROOM SHORTCAKE  
Who wants meat?

By CHARLOTTE ADAMS  
Associated Press Food Editor  
Anybody who complains that there's nothing to eat but meat is just a little bit out of touch with the vegetable kingdom. Vegetable dishes are not only good for you, but they are also good for the family. Vegetable dishes are not only good for you, but they are also good for the family. Vegetable dishes are not only good for you, but they are also good for the family.

There are many vegetable varieties that can be used in a variety of ways. Some are best used in soups, while others are best used in salads. Some are best used in stews, while others are best used in casseroles. Some are best used in pies, while others are best used in tarts. Some are best used in sandwiches, while others are best used in burgers. Some are best used in omelets, while others are best used in frittatas. # the big "buy" in oranges:

## SMALL SIZES!

This summer small size oranges are plentiful—and good! They are loaded with delicious, healthful juice. Make the most of this big health value. Buy at least two dozen at a time.

### Add Health to Breakfast!

Start the day with health by serving fresh California orange juice for all the family. One 6 to 8 ounce glass will supply your daily requirement of vitamin C, plus giving you a healthful bonus of A, B<sub>1</sub>, B<sub>2</sub> (G), calcium and other needed minerals. The plentiful small size oranges are perfect for juice—just what you need to serve big glasses for everyone.

Be sure you get trademarked Sunkist Oranges, the finest from 14,500 cooperating California-Arizona citrus growers.

## Sunkist

CALIFORNIA ORANGES

Use these thrifty small size oranges in other ways. Put two in the lunch box for health and freshness. Let the children enjoy them for a healthful between-meal snack.

# NEWARK TIGHTENS OHIO STATE LEAD

Continued its lead in the State League last night, Newark, by a 10-4 victory over Middletown. Middletown, 7 to 6, and Springfield, 11 to 4, and Dayton, 11 to 4, were the only games not involving Newark. Newark played last night.

Newark 100 000 020-2 8 4  
Middletown 600 500 00x-5 7 3  
Springfield 002 013 000-6 16 1  
Dayton 004 300 00x-7 9 2  
Middletown and Dayton, 7 to 4, and Springfield, 11 to 4.

# Colonels Resume Race for Second Place

In the Associated Press. The Colonels will resume their race for second place in the State League tonight. Newark, which won a five game series from Columbus, current owners of the runner-up spot, will lead the junior world champions on a game basis but will be on a game percentage basis. The Colonels enter the Columbus series with only four and one-half games behind the leading Columbus Brewers, who entered the race in a double-header.

Frank Place Toledo, only a score behind the Colonels, opens a five-game home series with the Indianapolis Indians tonight. The Indians, who last night's only league action at Paul plummelled the Brewers, 13 to 0, scoring nine runs in the sixth inning.

# "Tag Team Wrestling Tonite"

Marion wrestling fans will have their favorite type match tonight at the Marion Armory. It's a tag team match for the two hour main event, and four of the best will take part—Martino Angelo and Buddy Knox will team up again against the team of Tiger Jack Moore and Joe Wolfe. Moore and Wolfe have yet to lose a match in Marion but pitted against two such men as Angelo and Knox their string of wins may be cut short.

A one hour, two out of three fall match will start the fireworks at 8:30 between Gorilla Post and Angelo Martinielli. Post generally relies on his strength and toughness to win a match while the clever Martinielli depends on speed and cleverness. Call the Armory after 6 o'clock for reservations.—Adv.

NEW YORK, July 6.—After watching some of the recent Red Cross tennis matches at Forest Hills—and one veteran observer claimed it was the best tennis he had seen in 10 years—this department reached the conclusion that what tennis needs is a Ray Diment.

That doesn't mean we want the racketeers to run the wrong way after hitting the ball; they do that often enough, anyway. But a few fresh ideas and some professional promotion would make it a better show and attract more spectators.

As a starter, how about a professional version of the Davis cup competition after the war?

Today's Guest Star  
George Farrar Jr., Woonsocket, R. I., called "The Brooklyn Dodgers," who wound up their tryout camp at Holyoke, have been looking for youths boasting basic physical ability rather than highly polished performance. So is your Uncle Sam, so what chance do the Bums' scouts stand?

# One-Minute Sports Pace

The Reds claim Ray Mueller tied George Gibson's "iron man" record by catching his 133rd consecutive game yesterday, but the 1909 Pirate receiver not only got a six-month rest in the middle of his string, but he caught 122 games before he was relieved for even one inning.

Bobby McLean, the ice comedian and one-time speed skating champ, likes golf better than skating. Phil Bloom, who fought Benny Leonard eight (six no decision, KO'd twice) and George Levine, who had two losing boxing business in Hollywood and currently appears in "The Hairy Ape." When the Baltimore baseball park burned down the other night, concessionaires reported loss of \$15,000 worth of refreshments. Probably the first time a ball park hot dog ever was really hot.

# Former Kenton Man Dies in California

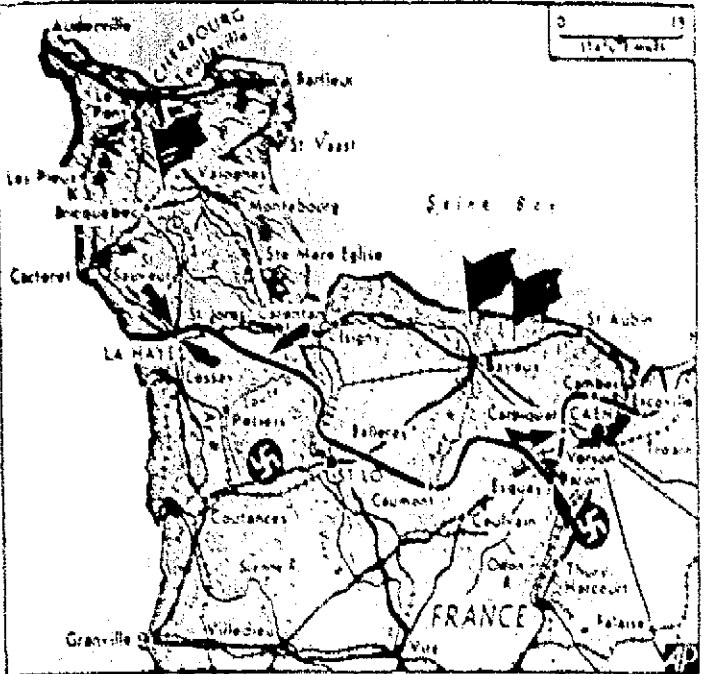

KENTON, July 6.—J. E. Andrews, 90, who for more than a half century has been identified with the farm and loan business here, died Monday at the home of a daughter, Mrs. Harry Lindsey of Pasadena, Calif. Funeral and burial was at Pasadena, where the deceased had spent his winter months for the past decade.

Mr. Andrews was born in Hardin county and entered the farm and loan business with his father-in-law, Nathan Ahlfield, as a young man. The firm was continued as Andrews & Ahlfield, a name that still stands.

His agricultural interests locally were extensive and he was among the first to enter onion production on the Scioto marsh on a big producing basis. He is survived by three daughters.

# Former Ashley Woman Dies at Canton Home

ASHLEY, July 6.—Mrs. May Sweet Jones, former resident of Ashley, died at her home in Canton, Wednesday, June 22. Surviving are her husband, a daughter and a sister both of Canton and an aunt, Mrs. Dora Foust of Fulton, Friday, June 30. Mrs. Jones left Ashley about 35 years ago.

# Violent Fighting Rages in Normandy

Violent fighting rages in Normandy. Violent battles flared across the Normandy battle front as Yanks battled their way into the German anchor city of La Haye du Puits, and as the Germans tried in vain to break through the Anglo-Canadian lines on the eastern end of the front. The Canadians were forced back slightly in the fighting for the Capricorn airfield. (AP Wirephoto).

# Galion Speaker Talks on Child Delinquency

GALION, July 6.—That the answer to the problem of juvenile delinquency lies in the Bible, was stressed by Dr. Carl Armerding, internationally known teacher of the Bible Wednesday afternoon at the Union Mission services held in First Baptist and First Reformed churches.

He said that often because parents have "pride" and are ambitious for their children to bring the family name to fame and fortune, that occupations are often chosen and imitated that lead to sin.

He urged that parents should practice self denial, give up things to be with their children. Prayer and fasting were added to the suggestions to parents.
